Driver of Change and a Catalyst for Innovation

ABOUT THE CONFERENCE

The Higher Education Institutions Conference is organized by the Zagreb School of Economics and Management (ZSEM), in cooperation with the Agency for Science and Higher Education (ASHE) .

The conference aims to be the ideal platform for making international connections for future collaborations in various academic fields. Also, it will allow the exchange of the best practices that concern emerging areas related to entrepreneurship, innovation, strategy, technology, management and education. We invite everyone in the fields of higher education to submit papers in line with the conference themes.

Peer reviewed papers will be published in the proceedings with an appropriate ISBN number distributed electronically. A certain number of papers will be selected as best papers and in the extended version will be recommended for publishing in an international journal.

This conference will prove to be a valuable forum in which you can share your experience with other higher education professionals, as well as gain valuable insights from our esteemed speakers who will be speaking on the following topics this year:
